Dear [REDACTED] 25X1A9a

The story on "Hyphenless Justification" is interesting, expertly done and should attract wide interest, and PRINTING PRODUCTION is privileged to be selected for its publication.

We have scheduled the feature for the April issue and will devote as much space as is necessary for presenting this approach to typesetting.

The material will be published under the combined by-line of [REDACTED] h. 25X1A9a
Extra copies and tear sheets will be sent to the CIA for your personal use.

Enclosed is a circulation form to be completed by you so that you will receive PRINTING PRODUCTION on a complimentary basis.

Thank you for checking with us on this material and we hope our presentation of the material will meet the standards of the work being done by your division.

Cordially yours,

PRINTING PRODUCTION
